

H1

PRODUCT DESCRIPTION

High-performance versatile food-safe grease for lubricating ejectors, pillars, slides and all other movable and slidable components embedded in injection moulds and stamping dies.

ADVANTAGES

- » Usable up to 160°C (temporarily 180°C)
- » Extremely pressure resistant
- » Superior corrosion and wear protection
- » Classified physiologically harmless
- » Resistant to hot soapy water
- » H1 registered

APPLICATION

Clean designated area thoroughly and apply thinly.

Containers	Content	No.	EUR
Dispenser	180g	VGS 160 FD/ 180	< >
Can	1000g	VGS 160 FD/1000	< >
