

Air-cushioned assembly table

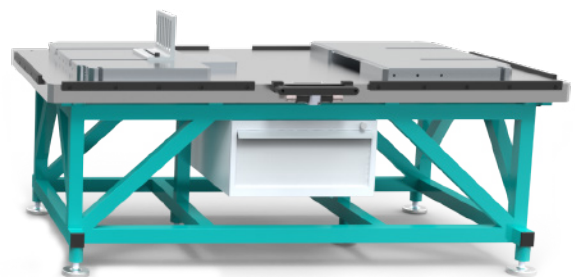

Meusburger's innovative assembly table H 4062 facilitates repair and assembly work on your moulds. By way of multiple air nozzles, an air cushion is created on the underside of the moveable plates. This enables light and easy movement of the tool halves. Both split line faces are thus freely accessible without having to reposition or turn them around. This enables efficient work and, as a result, you can save time and money throughout the whole production process.

H 4062 / 496 / 1156

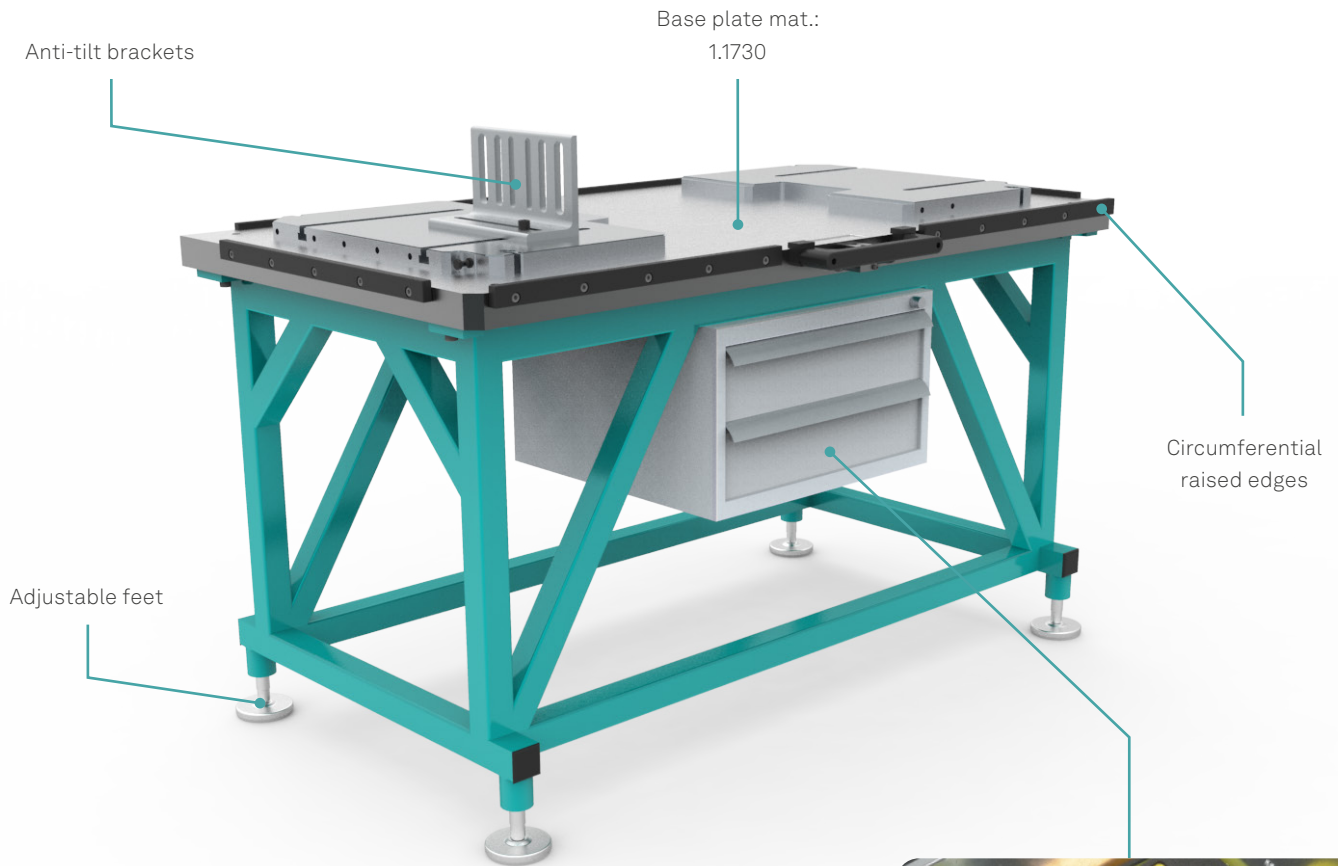

H 4062 / 796 / 1496

H 4062 / 996 / 1846

	H 4062 / 496 / 1156	H 4062 / 769 / 1496	H 4062 / 996 / 1846
Dimensions (w x l x h)	496 x 1156 x 850	796 x 1496 x 850	996 x 1846 x 660
Operating pressure	6 bar	6 bar	8 bar
Load capacity	3000 kg	3000 kg	5000 kg

How you benefit

- › Savings in time and cost through shorter set-up times
- › Increases safety for personnel
- › Prevents damage of valuable tools
